Data Source: Behavioral Risk Factor Surveillance System

Based on responses to the question: "A sigmoidscopy or colonoscopy is when a tube is inserted in the rectum to view the colon for signs of cancer and other health problems. Have you ever had this exam?"

% = Weighted percentage of respondents

LCL = Lower 95% confidence level of the weighted percentage; UCL = Upper 95% confidence level of the weighted percentage All percentages are weighted to be more representative of the population of Maine and to adjust for non-response.
